

Hot Block

Electric Fan Heater

They might look like a cool blue cube but the Hot Block packs a hot punch. Small but very powerful, the hot block push a huge volume of warm dry air quietly and efficiently. They are great for medium sized rooms and offices, thermostatically controlled and of course very portable. With a Cross Hire Hot Blocks you can be sure to keep the winter chill at bay this year.

- + Specifically designed to withstand the rigours of industrial/commercial space heating, Hot Box electric fan heaters are available in a range of sizes to suit most heating requirements
- + 3 heat settings and a 'summer cooling' fan only switch
- + Thermal safety cut out fitted as standard
- + Double skinned for low outer case temperature
- + Innovative reflector plates to prevent radiant heat damaging surfaces immediately around the heater
- + Internal baffle plates to protect the fan motor from residual heat after switching off
- + Castors and handles for easy manoeuvrability

SPECIFICATIONS

	Hot Block 25	Hot Block 65	Hot Block 95
