

Oil or Paraffin Indirect Fired Heaters

The Red Star heaters are the biggest and most powerful indirect fired heaters in our range. Their ability to deliver huge amounts of safe fume-free heat wherever you need is awesome. Not just powerful, the Red Star range is also economical and can be controlled by connection to a room thermostat. Whether you need to heat a construction site or an enclosed area; the Red Star will definitely keep the cold at bay.

- + Ideal for drying in building sites and heating closed premises
- + Mobile heater with stack
- + Functions on oil or paraffin
